

Design a website for a design studio from San Francisco in bootstrap 4/5.

The menu has the following items

Projects

Logos

About

Contact

Photo gallery is attached

The initial text is

WE'RE A SAN FRANCISCO DESIGN STUDIO

We create logos, brand identities, packaging, websites, signage, apps, books, posters, illustrations, strategy, icons, stationery, menus, uniforms, collateral, patterns...\*

\*and all of the other things that you haven't yet considered.

The landing page needs to have

- a contact form
- contact data: address, email, telephone number, social networks

Different layouts and device sizes must be considered, optimizing the photos visualizations.
